Overview

We believe that God is the Sovereign Creator of the universe, and if we can trust Him to guide all of creation, create a man out of clay, resurrect a Savior and atone for the sins of mankind, we can also trust Him to protect the integrity of His greatest written document. There are currently over 24,000 bits of evidence backing up its authenticity, not only from the people of God, but from other cultures, so it is proven to be more accurate than anything written by such noted authors as Confucius, Socrates, Plato, etc. As a result, we live according to the inspired word of God from cover to cover, regardless of the prices that we must pay to align ourselves with God's commandments.

Our Beliefs

We realize that some may question why certain principles are omitted, or even why others are included, but you must realize that no statement of beliefs can encompass everything that you believe in. However, we can share that everything that we believe is backed up by scripture, not by men's traditions or philosophies. If anyone has reasonable and respectful questions or observations concerning this statement, please contact us on our Contact page, but please understand that we will not spend any time being distracted by vain disputings. In other words, as long as we agree on the major issues, we would anticipate that you can respectfully and lovingly agree to disagree on secondary issues.
