Prayer Request:

On Sunday we learned that a young lady from our church left her son overnight at a friend's house. Later that night, the house was burglarized at gun-point and the friend was repeatedly raped in one room while her young son (about 8 years old) was in the other room. The man then put a gun to the son's head and threatened his life, followed by raping the lady additional times in the other room. Please pray for the rape victim, the family and child and that justice will be served to the person who did all this.
